Götene Asphalt cutter Nordic

Robust, efficient and smooth asphalt cutter from Götene's Nordic series.

Well-dimensioned cutter with Hardox. The asphalt cutter in the Nordic series is a robust, efficient and smooth asphalt cutter with very good cutting properties. It is easy to maintain thanks to its construction with a few parts.

The cutting wheel is made of Hardox 450 material. As standard, a cutting wheel with a diameter of 400 mm is supplied. A larger optional cutting wheel of 500 mm is available.

The asphalt cutter has well-dimensioned shafts and bushings. Strong through-bearing shaft to the cutting wheel. The bearing consists of a replaceable bronze bushing.

Suitable for excavators between 5 and 18 tonnes.

Characteristics

- Smooth and light asphalt cutter with excellent cutting properties.
- Robust construction.
- Smart construction with few parts.
- Replaceable cutting wheel in Hardox 450.
- Powerful and bearing-supported shaft. Replaceable bronze bushing.
- The bearing consists of a replaceable bronze bushing. Lubrication instructions are included with each product.
- S-coupler.
