Eslöv Loader Buckets 2300-4250L

Tough buckets for tough operations, volume 2300-4250 litres. Wheel loader buckets from Eslöv are tailor-made for really tough operations.

The Eslöv buckets are adapted to each user's specific wishes and requirements, in combination with the machine manufacturer's recommendations.

The buckets are manufactured both as rock handling buckets and gravel buckets. They can be delivered for quick couplers but also for direct mounting.

The wheel loader buckets feature consistently high-quality materials and wear parts in the right places. They are proven designs that have received much praise over the years!

Wheel loaders between 10 and 60 tons.

Characteristics

- Extremely durable and robust construction.
- Built with the highest quality materials available.
- Available for quick couplers and direct mounting.
- Tailored and fully customised.
- Can be equipped with different types of blades and teeth.

Teknisk data

Article no.	Product name	Volume SAE	Tooth	Attachment	Width (mm)	Recommended machine weight (tonnes)
E23265R	Loader bucket	2300	Fixed cutting edge	BM-hooks	2650
