Götene VA-bucket 330-1525 litres

VA-bucket from Götene. Narrow design, developed especially for water and sewer excavation work.

Götene's VA buckets are known for their high quality and functionality. They have a narrow design that is specially developed for water and sewer excavation work. The buckets have extra recessed sides for better material release and optimal angles for the best digging and emptying.

They are built from high-quality steel, making them robust and durable. Wear strips are standard, which increases their lifespan.

The VA buckets are available in various sizes and models, making them versatile and useful.

Excavators between 7 and 30 tonnes.

Characteristics

- The VA bucket is based on the same principle as the cable bucket. Additional cut-out sides for better material release, but with the wide design of the deep bucket.
- Designed with optimal angles for efficient digging and emptying.
- VA buckets have an extended, set forward cutting edge.
- Side wear plates and side cutters in Hardox 500 TUF.
- Backside and roof top in one piece.
- S-mount is standard. Optional S-mount included.
- Can also be ordered with B20-B27 mount as an option.

Teknisk data

Item no.	Product name	Volume SAE	Weight, approx. (kg)	Width (mm)	Edge system	Recommended machine weight (tonnes)
58214S	VA bucket	330	275	600	Extended cutting edge	7-10
58215S	VA bucket	540	430	700	Extended cutting edge	10-14
58218S	VA bucket	630	460	800	Extended cutting edge	10-15
58219S	VA bucket	740	490	900	Extended cutting edge	12-16
58220S	VA bucket	860	710	900	Extended cutting edge	16-20
58225S	VA bucket	960	720	950	Extended cutting edge	16-22
58230S	VA bucket	1030	750	1000	Extended cutting edge	18-25
58245S	VA bucket	1140	970	900	Extended cutting edge	20-30
58250S	VA bucket	1270	1020	1000	Extended cutting edge	22-30
58255S	VA bucket	1400	1070	1100	Extended cutting edge	25-30
58260S	VA bucket	1525	1125	1200	Extended cutting edge	28-30
