Siljum Ice ripper loader bucket

Item number: SI1210329

The Siljum Ice ripper loader bucket for wheel loaders holds up to 4.7 cubic metres and combines great ice-ripping properties with a high load capacity.

The Siljum Ice ripper loader bucket combines several work steps into one, making life easier for both you and your wheel loader. The ice ripper loader bucket is a perfect tool for breaking up hard snow and ice on roads, intersections, car parks, and other places where winter has left a real challenge.

And when the ice is gone? No problem – this versatile bucket can also be used for light material handling.

Suitable for wheel loaders 12-22 tons.

Characteristics

The Siljum Ice ripper loader bucket is based on the same design as our popular Multi Snow bucket with the same base, bolt-on and cutting edges, resulting in a strong, robust and rigid construction.

- Robust construction in sides, backside, and bottom.
- Interchangeable rear edges for ice ripping.
- Interchangeable edges at the front.
- Cut-out grille for best visibility for the machine operator.
- The ice ripper loader bucket can also be used for handling lightweight materials.

Teknisk data

Item no.	Product name	Width (mm)	Volume (m3)	Approx, weight (kg)	Recommended machine weight (tonnes)
SI1210329	ISK 4700	2870	4,7	1200	12-22
