Siljum Ice ripper

The Siljum Ice Ripper is specially designed to handle the iciest road conditions, where ordinary plough blades are not sufficient.

The Siljum Ice ripper is perfect for streets, walkways, cycle paths and other places where ice becomes thick and hard. The ice ripper can also handle soil and other materials, so it's not just a winter hero but a true multi-tool for demanding conditions!

Suitable for wheel loaders between 12 and 28 tonnes. Also available in a light version for smaller wheel loaders from 6 tonnes and upwards.

Characteristics

- Simple and smooth ice ripping.
- Easy positioning of the ice ripping blade during plowing.
- Can be equipped with an optional weight box (applies to EKO HD models, not Light models).
- Equipped with shock valves and single-acting cylinders.
- The standard models have cylinder dimensions 95/80 for the turn.
- The HD models have cylinder dimensions 115/90 for the turn.

Options

- Weight box (applies to EKO HD models, not Light models).
- L150-L180 Attachment Bracket
- Hydraulic horizontal oscillation ± 10 degrees (4th hydr. function and separate HD front frame required.)

Teknisk data

Item no.	Product name	Width (mm)	Height (mm)	Weight, approx. (kg)	Recommended machine weight (tonnes)
1210201-06	3400 EKO HD	3400	880	2550	12-28
1210192-06	3700 EKO HD	3700	880	2750	12-28
173025-3050	Ice Ripper 3050 Light	3050	740	1000	6-9
173025-3400	Ice Ripper 3400 Light	3400	740	1050	8-22
173025-3700	Ice Ripper 3700 Light	3700	740	1100	8-22
