Götene Stump splitter

Item number: 89130

Powerful stump splitter from Götene with gripping claws, pointed teeth, knife and tools for soil preparation.

The breaker works quickly and rationally to break up stumps in forest environments. It is also designed to build an optimal bed for the upcoming forest seedling.

Hardox 400 in the plant shovel and knife and replaceable teeth provide longer wear part life and good overall economy.

The stump splitter is attached to the machines coupler.

Suitable for tracked excavators between 20 and 30 tonnes.

Characteristics

- Strong and robust construction.
- Knife.
- Replaceable teeth.
- Plant spade.
- High compressive force and high cutting speed.
- Double cylinders.

Optional S, B or SMP105 coupler, other couplers are quoted separately.

The weight varies depending on the attachment.

Teknisk data

Item no.	Product name	Weight, approx. (kg)	Width (mm)	Recommended machine weight (tonnes)
89130	Stump splitter	1800	630	21-30
