Götene Toolbox for undercarriage

Very practical tool box from Götene for mounting on the excavator's undercarriage.

Practical box, perfect for storing various tools. All tool boxes are supplied with attachment blocks to be welded into the undercarriage. The box is then bolted into these blocks.

Equipped with a folding stick that holds the lid up when it is open. Handle in the lid for easy grip.

Robust construction in sturdy metal.

Suitable for crawled excavators between 8 and 30 tonnes.
