Ufo Loader Bucket ED 1300-2800L

Ufo ED (Extreme Duty) loader bucket, 1300-2800 litres, for heavier tasks and unloading without spillage.

The ED loader buckets are strong and stably built. They are designed for heavier tasks, large loads, efficient loading and unloading without spillage. Very good filling rate.

The buckets are reinforced at the back and base. The bucket base is fitted with wear strips. The loader buckets are equipped as standard for quick coupling.

Can also be ordered for direct mounting or wedge mounting.

For wheel loaders between 8 and 60 tonnes.

Characteristics

- Strong and solidly built, engineered for heavier tasks and efficient loading.
- Very good filling rate.
- The buckets are reinforced at the back and bottom.
- Can be equipped with various blades and teeth.
- The bottom of the bucket is fitted with wear strips.
- At this size, it is often tailored to the customer's wishes.

Teeth*: Combi Wear Parts tooth systems are fitted as standard. Other tooth systems are offered.

Teknisk data

Item no.	Product name	Volume SAE	Weight, approx. (kg)	Width (mm)	Cutting edge	Recommended machine weight (tonnes)
